Her guidance and feedback is always beneficial and applicable to each individual student and their work. All assignments are very organized and purposeful. When completed, I feel that I have gained a tremendous amount of knowledge not only in regards to a specific artist, but also about technique, movements, and development of art through history. Ms. Dub's uplifting nature and positive attitude, as well as her kindness, all contribute greatly to the students' enthusiasm in art. I am exceedingly fortunate to be in her class. | No   |
